**Utility Repair Completed at East Superior Street and 34th Ave East**

**Intersection to reopen by 4 PM today**

[Duluth, MN] - The intersection at 34th Ave East and Superior Street will reopen to traffic today by 4 pm. A City of Duluth utility crew has worked quickly and diligently to repair a failed storm drain that had caused a washout. Earlier today, they started back filling the excavated site. A maintenance crew has patched the road with asphalt. The road will reopen to traffic but some settling of the asphalt is expected under traffic.

The City thanks the public, the Duluth School District and the Duluth Transit Authority for their patience and cooperation during this urgent project.
